SUBJECT: Deviation from Requirements of DFARS 204.7004(d)(2)(ii)

Reference your May 8, 1997 request for DFARS revision to modify the assignment of Procurement Instrument Identification (PII) Numbers (DFARS Case 97-D010).

Your request surfaced broader issues concerning DFARS subpart 204.70, which will be resolved under a new DFARS case. In the interim, you are authorized to deviate from the requirements of DFARS 204.7004(d)(2)(ii), allowing the use of four-digit delivery orders to be written against NIB, NISH and UNICOR Indefinite Delivery-Indefinite Quantity contracts.

This deviation is in effect until August 1, 2000 or until the DFARS is changed, whichever is sooner. The deviation number assigned to this action is 97-DEV-3. Point of contact is Mrs. Esther Morse, DSN 225-3039/Commercial 703-695-3039.
